## **Landscape Status Report**

### **Fish Hawk Community Development District**

#### **Landscape up grades complete:**

Starling Water installed new floritam sod along right side.

Heron Glen installed new turf through the community.

Harrierridge installed new turf In commons.

#### **Agronomic Services:**

Floritam turf areas were spot treated with post emergent herbicide to control broadleaf weeds.

Insecticide and Fungicide was applied to shrubs and trees.

Annuals beds were drenched with Fungicide and granular fertilizer.

Fertilized shrubs through site.

All Floritam and Bahia turf areas were treated with ammonium sulfate and chelated iron that are presenting problems due To cold weather damage to encourage grass growth.

Bermuda turf was treated with liquid fertilizer and post emergent herbicide.

A lawn evaluation is needed to replace areas that has decline due to cold weather in order to improve the appearance of the common areas.
