During the period of 08/01/2011-08/11/11 the following Horticultural treatments were applied:

1. All Bermuda grass areas located on the Palmetto Club, Park Square and Osprey Club were treated with liquid fertilizer and herbicide.
2. Floratam dry areas located in common were spot treated with Insecticide Arena to prevent Chinch Bugs.
3. Acidic Granular fertilizer was applied to all Azaleas locate in front of Publix by retail area.
4. All Indian Hawthorn shrubs located throughout the common grounds were treated again with a mix of Insecticide, Fungicide and liquid fertilizer with micronutrient package.
5. Systemic fungicide was applied via deep rot injection and bud drench to remaining MedJool Palms located at Palmetto Club.
6. Magnolia trees were treated to control Scale insects and Sooty Mold.
